## Bring a Friend! Meet a Friend! Make a New Friend!

That's the motto of the Brantford Amateur Radio Club's Hamfest!

This is your opportunity to spend a day with fellow HAMS talking radio, meeting and greeting fellow HAMS, making new friends, demonstrating your favourite projects, seeing other HAMS favourite processes and learning about and passing on new concepts, ideas and processes. Isn't that what a HAMFEST is all about?

A large MEET and GREAT area has been set aside for just that purpose! So lets check out the many offerings from the many dealers and retailers who will again provide the opportunity to purchase those treasures and items we all look for. But instead of simply rushing home, lets spend time meeting and greeting fellow HAMS.

The Brantford Amateur Radio Club's HAM's FESTIVAL  
Don't miss it!
